Computer Hardware and Software

## About Me

During my 3-year tenure as a surveyor at a land and water settlement I have gained extensive experience working with GPS and AutoCAD. I have collaborated with task leaders and developed skills in performing accurate field surveys.

My ability to work effectively under pressure and as a team player has been honed through my professional experiences. Additionally, my possession of a valid car license has enabled efficient on-site visits, enabling comprehensive surveys across diverse locations.

Currently ongoing studies in Computer Science (AlQuds Open University)

## Work Experience

Jun 2020 - Sep 2022  
Ahmad Al-Ammer I Tulkarm - Qaffin

### ○ Surveyor

Conducted land surveys in Qaffin, including buildings, using GPS devices.

July 2019 - July 2020  
Thafer Al-Qaisi, Tulkarm

### ○ Tranier

During my land surveying training, I used GPS equipment to survey land and structures. Moreover, I acquired expertise in AutoCAD and the process of obtaining building permits.

February 2019 - May 2019  
Ziyad Jabarin, Ramallah

### ○ RWTC Trainer

Apartment Guessing

I received a grade of 68.27 for my diploma in Land Surveying  
Comprehensive exam 69.2.

The project involved using Total Station to survey the faculty's features and implementing these features in AutoCAD.

Additionally, I used ArcMap to correct the coordinates.
